Cap creation process

QUOTE: Your quote includes setup fees and unit price breakdowns.

ARTWORK: Once you have accepted the quote our experienced design team will work with you to create detailed colour artwork and a digital mock-up so you can see what your cap will look like.

PRODUCTION: Production and delivery time is about 4 weeks from receipt of your signed approval.

Design

Embroidered caps provide a rich textured finish where the pattern/design is embroidered directly onto the heavy brushed cotton cap in one or multiple positions. The stitch count – the density of the embroidery – depends on the detail in the design. For most designs a medium count (around 7,000) is all that is needed. For intricate or key designs we recommend a count of at least 9,000.

Caps offer a large number of spaces for adding personal touches. The front, sides, back and peak are all available to be decorated. The wide range of colours means you'll be able to find one to suit your needs.
